UCL GENETICS SOCIETY

2023-2024

<https://geneticssocietyucl.com/>

Welcome to the UCL Genetics Society!

Our core activities...

- Journal Clubs (JCs):

Broaden your horizons, share your passions and put it on LinkedIn! Join our biweekly Journal Clubs where members volunteer to present their research or a paper of interest. Join GenSoc to be a speaker yourself! (PS: flagship members-only internship panel 11/10 19:30-21:00 @ ZOOM!)

- External Speaker Events/Seminars:

Genetics research insight, careers advice... What's better than to hear from someone in the game? Join our external speaker events featuring UCL professors, industry leaders, and more! Become a member if you'd like to broaden your horizons and network with professionals! If you would like to hear from someone in particular, please reach out and we will ask them right away!

- Workshops:

It's not just about grades. Attend our workshops to learn about cutting-edge equipment, lab techniques, and industry-standard softwares! Workshops feature mini-presentations followed by a Q&A or practical experience.

- Social Events:

Can't find lab partners? Need some new friends? Want to chill with your buddies? GenSoc hosts regular social events including trips, picnics, pub quizzes, and more. We can't wait to meet you at our welcome picnic and pub social this week!

What's more...

- Blog (link on back cover)

Share your interests and hone your academic writing skills! Become a member and submit short entries on any topic of interest within genetics on a non-judgemental platform! Did we mention that this looks great on your resume?

- Outings

What's better than a trip? A trip that goes on your resume! Curious about cryo electron microscopes, nanopore sequencers, pipetting robots, and other expensive equipments that normal students can never go near? We've got you covered! Become a member and brace yourself for (*drumroll*):

- Lab visits: Birkbeck Cryo EM facility, etc
- Seminars and conferences (Crick Prize lectures, ESHG 2024?)
- Natural History Museum trip 14/10 12:00
- Visit our IG/YouTube channel to learn about our ESHG2023 outing!
- Recommendations? Feel free to reach out!

- Collabs

Becoming a member of GenSoc means you also get to network with members from other societies. We might even host interschool socials like last year...

How to join us!

To join us, please visit:

<https://studentsunionucl.org/clubs-societies/genetics-society>

Or scan the QR code here or at our booth!

There are two types of membership that you can purchase, which are:

- Standard membership (£5.00)
- Taster membership (Free)

The former guarantees access to events all-year-round (except for those with limited capacities), while the latter only covers events from now until 08/10/2023

PS: We're recruiting more committee members

Fresher's Week

Mark your calendars and brace yourselves!!

- 04/10 18:00-20:30 Welcome Dinner @ Dumpling's Legend Leicester Square
- 06/10 19:30-21:00 Pub Meet @ Mully's
- 11/10 18:00-19:00 Internship Panel @ ZOOM's
- 14/10 12:00-15:00 Natural History Museum trip

For the latest updates, follow us in Instagram!

We can't wait to meet you at our events!
